# Welcome to Super Dispatch, the Smart Auto Transport Platform

Please reference the following as a step-by-step guide for drivers as they get started on the Super Dispatch platform.

## **STEP 1**

First, **ADD A SIGNATURE TO YOUR ACCOUNT** (Signature is saved & automatically added to all BOLs you process). To do this:

- 1. Tap **PROFILE BUTTON** in the bottom right corner of the screen.
- 2. On the next page, tap where you see your name & email address at the top of the screen.
- 3. Add your signature at the bottom of the screen.
- 4. Tap **SAVE** in the upper right corner.

### STEP 2

Now we're ready to find the load(s) assigned to you.

- 1. Tap the LOADS BUTTON in the bottom left corner of the screen.
- 2. Notice four tabs at the top of the screen: New, Picked up, Delivered, & Archived. Make sure you are viewing **NEW LOADS**.
- 3. The unit will appear here. To view a details page with more info tap on the load.

## **STEP 3**

When on site to pick up the vehicle, you're ready to perform a pickup inspection & fill out a condition report:

1. With the load you are picking up selected, find the vehicle(s) listed & Tap **START PICKUP INSPECTION.** 

2. If the vehicle requires a **STANDARD INSPECTION**, a top-down grid of the car appears. To note damage on the BOL, scroll through the list of damage codes, select one, & tap a location on the car to place damage. Tap done when finished.

3. If the vehicle requires an **ADVANCED INSPECTION** you will not see the grid. Instead, your phone's camera will activate. Advanced inspections require photos, protecting you & your company from liability claims.

For the advanced inspection type, 6 photos of the car are required at pickup AND delivery locations for a total of 12 photos per VIN.

The app will not allow you to mark vehicles with advanced inspections at pick up or delivery without 6 photos. Tap done when finished.

#### **STEP 4**

The final step will be getting a signature from whoever is releasing the vehicle(s) to you and marking the load as picked up:

- 1. From details screen select "CONTINUE TO PICKUP SIGNATURE".
- Tap Add Customer Signature & have pickup contact type AND sign their name. The contact may view the condition report by tapping Review Inspection. Tap SAVE when done.
- 3. Once complete, tap MARK AS PICKED UP in green at the bottom of your screen.
- 4. To send a copy of the BOL to any parties follow the prompts on screen.
